

Software Developers – Full Stack

Our Story

We are proud to announce that Canada Life will become our company brand under which our three companies service – Great West Life, London Life, and Canada Life.

Together, Great-West Life, London Life and Canada Life have been in the business of keeping promises for over a century. The new Canada Life brand combines the strengths of all three – so we can better deliver on our purpose: To improve the financial, physical and mental well-being of Canadians.

Role Description

We are looking for bright and passionate people to be founding members of Great-West Life's new Digital Hub. Do you have a passion for creating compelling and meaningful digital experiences? Do you ALWAYS think about the customer first? Are you a creative problem-solver and communicator? Do you want to help lead the transformation of a company and an industry? If you answered a wholehearted yes to all these questions, we want to talk to you.

ABOUT GWL'S DIGITAL HUB

Great-West Life is embarking on a transformation that will change the way we work and how we help our customers. In our Digital Hub+, we are designing, coding and delivering new products improving the lives of millions of Canadians. We are changing the way a trusted institution operates by acting as a start-up, bringing human centered design, agile and modern web development practices to life. Our multi-functional teams of Designers, Developers, Scrum Masters and Product Owners all huddle together because we have an open, innovative and inclusive culture which is focused on us – talented individuals.

OVERVIEW

As a Full Stack Developer, you are responsible for transforming the design and product vision into a seamless and engaging product. You work hard to stay on top of fast changing technology and invest a lot of energy to learn new tricks. You are current on industry trends in client development frameworks and anticipate what the near future will bring. You love clean code, clean interfaces and have a real passion for problem solving. As a Full Stack Developer, you will also have deep understanding and proven grasp of end-to-end programming and you are eager to write APIs that deliver a great product.

WHAT YOU'LL DO

- **Design and build** applications and provide designers with feedback and suggest trade-offs when required
- Ensure the code **follows latest coding practices** and industry standards
- Work closely with other developers to understand and **properly use the systems APIs**
- Write both unit and integration tests and develop automation tools for daily tasks
- **Challenge ideas** and opinions to avoid pitfalls and inefficient solutions
- **Help and mentor** other members of the team

WHO YOU ARE

- 5+ years of experience in **Java, Spring boot, Junit, Mocking framework such as Mockito, Mongoddb**
- 3+ years of experience in **Angular 2 or above**. Expert level experience of front end technologies with **HTML5, CSS, JavaScript and AJAX & responsive design**
- Understanding of **APIs and how to use them in practice**
- Experience with continuous integration tools like **JIRA, Bitbucket, Bamboo and Confluence**
- Knowledge & experience with UI testing, unit testing and test automation tools and frameworks like **Selenium, Jasmine, etc.**
- **Docker or Kubernetes experience is a plus**
- Understanding and flexibility in working in an Agile environment
- Bachelor's degree in Computer Science or equivalent experience

Discover your opportunity.....Apply today!

Great-West Life offers competitive compensation, great benefits such as medical, dental, life insurance, wellness account and personal days not to mention onsite cafeteria and fitness facilities. If you'd like to join our team submit your information online and introduce yourself.

Together Great-West Life, London Life and Canada Life serve the financial security needs of more than 13 million people across Canada, with additional operations in Europe and the United States. As members of the Power Financial Corporation group of companies, we're one of Canada's leading insurers with interests in life insurance, health insurance, investment and retirement savings. We offer a broad portfolio of financial and benefit plan solutions for individuals, families, businesses and organizations.

We are committed to providing an inclusive, accessible environment, where all employees and customers feel valued, respected and supported. We are dedicated to building a workforce that reflects the diversity of the communities in which we live, and to creating an environment where every employee has the opportunity to reach their potential.
